

COMMUNITY PROMISE

We believe Oregon's children can fulfill their promise when we keep our promise to them.

Our promise to Oregon's children is a matter of life and death. Untreated mental health can result in suicides, homicides and multi-generational devastation.

Make a Difference

We can save lives. We can replace despair with hope and promise. Hundreds of generous Oregonians are making their pledge. Please join this crucial and historic campaign.

How to Make Your Community Promise:

1. Go to KerrCommunityPromise.org
2. Sign the Community Promise Pledge

All commitments of \$1,000 or more will be permanently recognized in the Community Promise pavilion on the Children's Mental Health Campus.
