Project SEARCH Kaiser Permanente Sunnyside Medical Center Application Purpose and Guidelines

This application is a way to outline the skill set of a prospective Project SEARCH Intern candidate, and for us to learn more about you. Project SEARCH is a great opportunity to learn job skills and learn more about the kind of work you want to do. First off, we need to know some facts about you in order to consider you for the program: how do we get in touch with you, how do we contact the people that support you and what kinds of work experience you've had already. We want to hear what you liked and didn't like about work, what your boss thought about your work and we especially want to hear about what you want to do in the future.

We are here to help you be successful! Our overall goal is for our graduates to thrive in competitive jobs they are proud to do every day.
